HIGH SPEED OIL CIRCUIT BREAKER FOR DAVANGERE TOWN ELECTRIFICATION.

E. D. 476.

GENTLEMEN,

In continuation of this office letter No. 3170-80, dated 9th August 1937, regarding the above Enquiry, I write to request you to note the following corrections regarding the specification for the Oil Circuit Breaker :—

"The Oil Circuit Breaker should conform to the specifications given in the above enquiry except that it shall be of an out-door type instead of being an in-door type as already specified. The clause regarding the limiting dimensions of the Oil Circuit Breaker specified in the above enquiry may be withdrawn."

The closing date of the above enquiry is changed from the 15th to the 30th of September 1937.

LIGHTNING ARRESTERS FOR DISTRIBUTION SYSTEM—DAVANGERE PROJECT—E. D. 482.

GENTLEMEN,

I write to request you to quote your best prices and the earliest time of delivery for the following materials :—

Distribution: Lightning Arresters, single pole, pellet type, out-door service, suitable for non-grounded circuit of 13,200 volts, the maximum and minimum variation in circuit voltage being limited to 15,000 and 12,000 respectively. The arresters should have hangers for mounting on angle iron cross-arms. The arresters will be required to operate at altitude not exceeding 6,000 ft.

M. S. L. 60

The prices to be quoted should be for delivery c.i.f. Madras.

The design and manufacture of arresters should be such that they are perfectly moisture-proof and free from deterioration due to either physical, mechanical or electrical causes. The arresters should be capable of maintaining their initial characteristics throughout life without appreciable change and conform to the latest standards of A.I.E.E. or B.E.S.A.

The cathode-ray oscillograms showing the protective characteristics of the arresters, when subjected to A.I.E.E. standard test surge, should be submitted with the tenders along with the technical information relating to the break-down voltage, the discharge capacity in amperes and the impedance drop of the arrester.

Full details and descriptive literature explaining the construction and the characteristics of the materials used in the manufacture of the arrester should also be submitted along with the tenders, without which the quotations will not receive due consideration.

Your quotation should reach this office not later than the 15th of October 1937.
